REACH Regulation (EC No. 1907 / 2006)

As an internationally active, medium-sized company, **mayr[®] power transmission** develops and produces torque limiters and shaft couplings, electromagnetic brakes / clutches and permanent magnet motors.

We sell our products internationally, taking into account the valid regulations and directives as well as our own high reliability and quality standards.

The REACH Regulation (EC No. 1907 / 2006) by the European Parliament and the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals regulates the manufacture, the circulation and the use of chemical substances in preparations, and in certain cases also substances in products.

We ourselves exclusively manufacture products (items: clutches, couplings, motors, brakes and the appropriate rectifiers) in accordance with the definition laid down in Article 3 Paragraph 3 of the REACH Regulation.

In accordance with Article 33, we would like to inform you that partial components (shoulder screws) made of a copper alloy with a lead content of up to 2.5 % have been installed in our electromagnetic brakes of the sizes and types listed below. On 27.06.2018, lead (CAS 7439-92-1) was added to the candidate list of SVHC substances and has thus triggered an obligation to inform.

Roba-stop [®] *	Sizes 2 - 11	Type 8 - - . - - - . -
Roba-stop [®] - M *	Sizes 2 - 500	Type 891. - - - . -
Roba-stop [®] -silenzio [®]	RSO 4 - 8	Type 896. - - - . - -
Roba [®] -topstop [®]	RTS 100 - 260	Type 899. - - - . - -

These brakes (*) are also mounted onto our tendo[®]-PM motors.
tendo[®]- PM Sizes 41/42/52/53/61/62/63/64 Type M10 /K11 /K12 /K13

Products made from copper and copper alloys are not included in the scope of application of Regulation (EC) No. 1272/2008 of the European Parliament and Council concerning the Classification, Labelling and Packaging of Substances and Mixtures (CLP Regulation) and are therefore not subject to classification and labelling obligations.

We would like to point out that the existent proportion of lead in our products is not prohibited according to the REACH Regulation; it is merely necessary to submit a declaration.

mayr[®] power transmission, your reliable partner, is happy to assist should you have any further questions.
